Human resources

Project

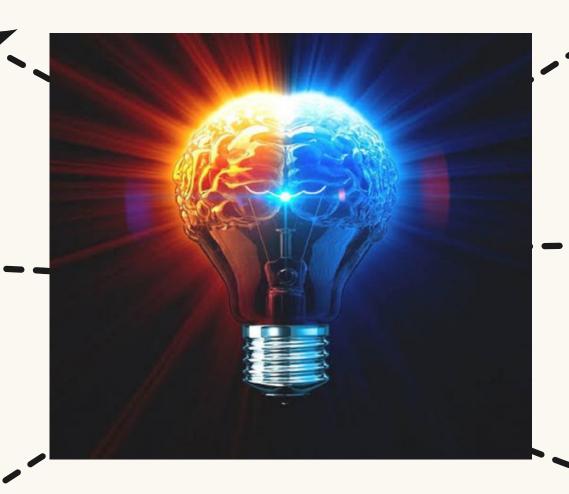

₩HR project management refers to using and applying project management skills and principles for HR purposes to streamline work and achieve project goals.

WHR Analytics, you can monitor and improve employee engagement, retention, wellness, productivity, experience, and work culture.

Collaboration

Collaboration in the workplace is a work style that helps employees work together to achieve a common goal in ways that benefit a company and its employees.

Brainstorming

Planning

Human resource planning (HRP) is a strategy used by a company to maintain a steady stream of skilled employees while avoiding employee shortages or surpluses.

Revision

What are the basics of Human Resource
Management? Recruitment & selection, performance
management, learning & development, succession
planning, compensation and benefits, Human
Resources Information Systems, and HR data and
analytics are considered cornerstones of effective
HRM

Presentation

Keep it simple. If your audience is trying to read a block of text on your slides, they're likely not listening to the verbal part of your presentation.
